

# BE SAFE WITH OUR **SECURED** SERVICES

We're offering complete MEPF work solution from design, planning to commissioning and maintenance under one roof.

---

**ELV | FIRE | ELECTRICAL | HVAC**

# 1. ELV

## Empowering Smart Spaces with Seamless Technology Integration

Under the Integrated Building Management System, SES Projects provides various **automation solutions**.

Structured Cabling

Video Conference

Fire Detection & Alarm Systems

Home Automation

Intrusion Detection Systems

Boom Barrier

Public Address System

CCTV Surveillance & Perimeter Protection Systems

Access Control Systems

BMS

Time Attendance

Data Networking Systems

# 2. FIRE

## Helping Communities Stay Safe from Fire

This segment has provided solutions in fire protection and detection systems since 2013. It provides various firefighting solutions. It caters to sectors such as Commercial Properties, Multiplexes & Shopping Malls, Industrial Plants, Hospitals.

SES Projects have executed more than **25 projects**.

Gas-based Fire Suppression Systems  
Like CO<sub>2</sub>, Clean Agents, & Inert Gas

Fire Pumping Systems

Sprinkler Systems

Water Spray Systems  
(HVW & MVW) Pre-action Systems

Hand Appliances

Fire Hydrant & Wet Riser Systems

# 3. ELECTRICAL

## Bright Ideas, Brighter Homes

SES Projects is offering electrical solutions.

From applied engineering, in-house drawings/design facilities, and excellent project management, operation, and maintenance to testing, planning, and commissioning.

LT Panels

Transformers

Communication System

Switchgear

UPS System

Internal Electrification

DG Sets

Substations

HT & LT Solutions

# 4. HVAC

## We Keep Your Air Quality Clean

SES Projects is providing Heating, Ventilation and Air Conditioning solutions providers in India, since its diversification into HVAC turn-key projects.

### Our Offerings

Heat Recovery & Desiccant Cooling Systems

Low Side HVAC Systems With AHUs

Clean Room Technology For Microelectronics

Chillers With Central Chilled Water Systems

Ventilation Systems

Primary/Secondary Pumping Systems

Evaporating Cooling Systems

# OUR CLIENTS

We have an expanded family of 800+ Clients!
